

## Organic Task Force

*Provides education and advocacy and a forum for the organic spice industry to network and collaborate on issues of interest.*

### Responsibilities/Key Activities

- Identify educational and advocacy needs related to organic spice issues
- Conduct outreach to certification bodies, government agencies, and other stakeholders
- Provide a forum for the organic spice industry to network and collaborate on issues of interest
- Consider issues of interest, such as: customer testing of products, fraudulent organic certifications, pesticide residues, supply and availability of organic spices, regulatory compliance

### Ideal Volunteers

- Individuals that have experience in the organic sector/work for companies that sell certified organic spices
- Understanding of regulatory and commercial challenges in the organic spice trade
- Willingness to openly engage in discussions about industry challenges

### Volunteer Time Commitment

- Quarterly virtual conference calls
- 2 in-person meetings per year
- 1-year commitment
